At The Plateroti Center for Holistic Wellness
6895 Morro Rd, Atascadero
July 26-27th 2008
Sat. 10-5pm
Sun. 10-4pm

Topic: Energy medicine and Biosynthesis, a well-established body focused psychotherapy. Energy medicine is implemented to enhance the energy level of the heart to come to an energetic opening and free flow of the body.

Hands on course implementing different methods from energy medicine. Focusing on the 7 chakras, especially the soul, heart and body connection. The expansion of the heart is opening a deeper level of body awareness and energetic harmony.

Participants will learn from different method by implementing Qi Gong, breathing exercises, Qi Gong postures that are activating the heart, with special focus on the flow of the light of the soul. Methods from Biosynthesis bring an energetic awareness into the body and give an enhancing foundation of the three basic layers from the embryological development, endoderm, mesoderm, and ectodermal layers. You will have the opportunity to experience the integration of these three levels through practical exercise. We identify the disconnection and begin to integrate the thinking, feeling and doing aspects of a person.
